How to Recycle and Dispose of Trash in Ulster County

Residents of Ulster County can take their recycling and trash directly to municipal recycling centers/transfer stations, listed on the back. Several towns allow non-residents to use their drop-off sites. Most towns require users to purchase an annual permit; call towns for details. Alternatively, residents can hire commercial sanitation companies to pick up trash and recycling; look under "garbage removal" in the yellow pages. Residents of the City of Kingston and the Town of Kingston have curbside pick-up for trash and recycling. Recycling instructions for municipal recycling centers are below. Call Ulster County Resource Recovery Agency Recycling Hotline for information at (845) 336-3336 or visit our website at www.ucrra.org

Businesses with small amounts of trash and recycling may bring their material to their municipal transfer station. Large loads of trash should be taken to the Ulster County Resource Recovery Agency Regional Transfer Stations located in the Town of Ulster on Route 32 near Route 199/209 and in the Town of New Paltz on Route 32 north of the village. Call (845) 336-0600 for details, annual fees and information on recycling.

Ulster County Resource Recovery Agency Recycling Instructions at Municipal Recycling Drop-Off Centers (MRDC)

Paper Recycling Made Easy

Cardboard: Brown corrugated. No food-soiled cardboard (pizza boxes) or other contaminants. No other materials.

Paper: Includes brown paper bags, newspaper, junk mail (including envelopes, coupons, ads & inserts), magazines/catalogs, all thin cardboard (including pasta, cereal, cracker, and other food boxes, shoe boxes, tissue boxes, paper egg cartons, soda & beer packaging), phone books, computer/copy/fax paper, writing/ledger paper, school paper, paperback books, shiny/glossy paper, greeting cards, and gift wrap without metal foil. May not include carbon paper or non-tearable ("Tyvek") envelopes. No tissue, napkins, paper plates, or cups. No other materials.

Commingled Recycling Made Easy

Glass: Bottles & jars only with lids removed (may recycle metal lids with metal cans). Please rinse bottles & jars. No oven-ware, window glass, drinking glasses, mirrors, other container glass. No dishes, ceramics, or other non-glass materials.

Plastic: Bottles, jars, jugs, tubs, & lids (including yogurt, margarine, etc.). Only these types of containers with the resin number (located at bottom):

Bottle caps & lids are acceptable. Please rinse containers. No polystyrene foam, plastic bags, or toys. No plastic bottles that once contained chemicals. No other materials.

Metal cans: Tin-plated steel or aluminum cans. No aluminum foil. No aluminum trays. Metal jar lids are okay, as are tops and bottoms from metal cans. Please rinse containers. No other materials.

Please note: *These are the mandatory materials regulated by law in Ulster County and the State of New York, both at curbside collection and at drop-off centers. These instructions apply to materials dropped off for recycling at Municipal Transfer Stations in Ulster County. Please refer to these guidelines for recycling if you contract a private solid waste and recycling hauling company. The company may have an alternative method of collecting the recycling (i.e. single stream) but the list of acceptable items (above) is the same regardless of the hauler you choose.*
