

The Ulster County Resource Recovery Agency is a solid waste authority, public benefit corporation and permitted solid waste facility. Since 1986, the RRA has been developing, financing, and implementing environmentally responsible waste management for Ulster County.

UCRRA's MRF (Materials Recovery Facility) only processes dual stream recycling. Dual stream recycling is when paper and cardboard is kept separate from plastic, glass and metal containers (commingled).

Single stream recycling is when all the recyclables are commingled in one bin.

If you use a curbside waste hauler please contact the hauler directly for recycling instructions.

DON'T BE A "WISHFUL" RECYCLER! THE FOLLOWING ITEMS SHOULD NOT GO IN YOUR RECYCLING BIN:

- ❖ **PLASTIC BAGS**-return to a grocery store or retail outlet that collects plastic bags and films
- ❖ **TEXTILES**-donate or place in a clothing bin. Visit the following link to find a clothing bin location near you www.nysar3.org/textile_recovery_locations.php
- ❖ **HAZARDOUS MATERIALS**-sign-up for one of our 3 safe collection events (April, July or October)
- ❖ **YUCK**-food, liquids, diapers, etc.
- ❖ **E-WASTE**-electronics can be recycled for FREE at UCRRA; Mon.-Fri. 8AM-3PM. Check in at the main office first
- ❖ **TANGLERS**-ropes, hoses, chains, clothing, wires
